RANGERTM
DESIGN

Helping Mobile Technicians Work More Effectively by Providing Organized Storage Solutions

At Ranger Design, we believe more is possible.

We believe work vehicles and the technicians that drive them can become more organized, more efficient, more productive and more profitable. At Ranger Design we're committed to bringing you the products and services that make that possible.

More means helping you choose the right work van for your

application, as well as giving you engineering support and expert advice to help design the most efficient work space in your new vehicle.

More also means getting that new van outfitted and on the road faster, so you can start using it for the reason you bought it.

We're committed to bringing you more, because we believe more is possible.

MORE IS POSSIBLE

World Class Customer Service

Real people, ready to answer in 2 rings or less*

We are pleased to offer efficient, personalized service and to answer all questions regarding:

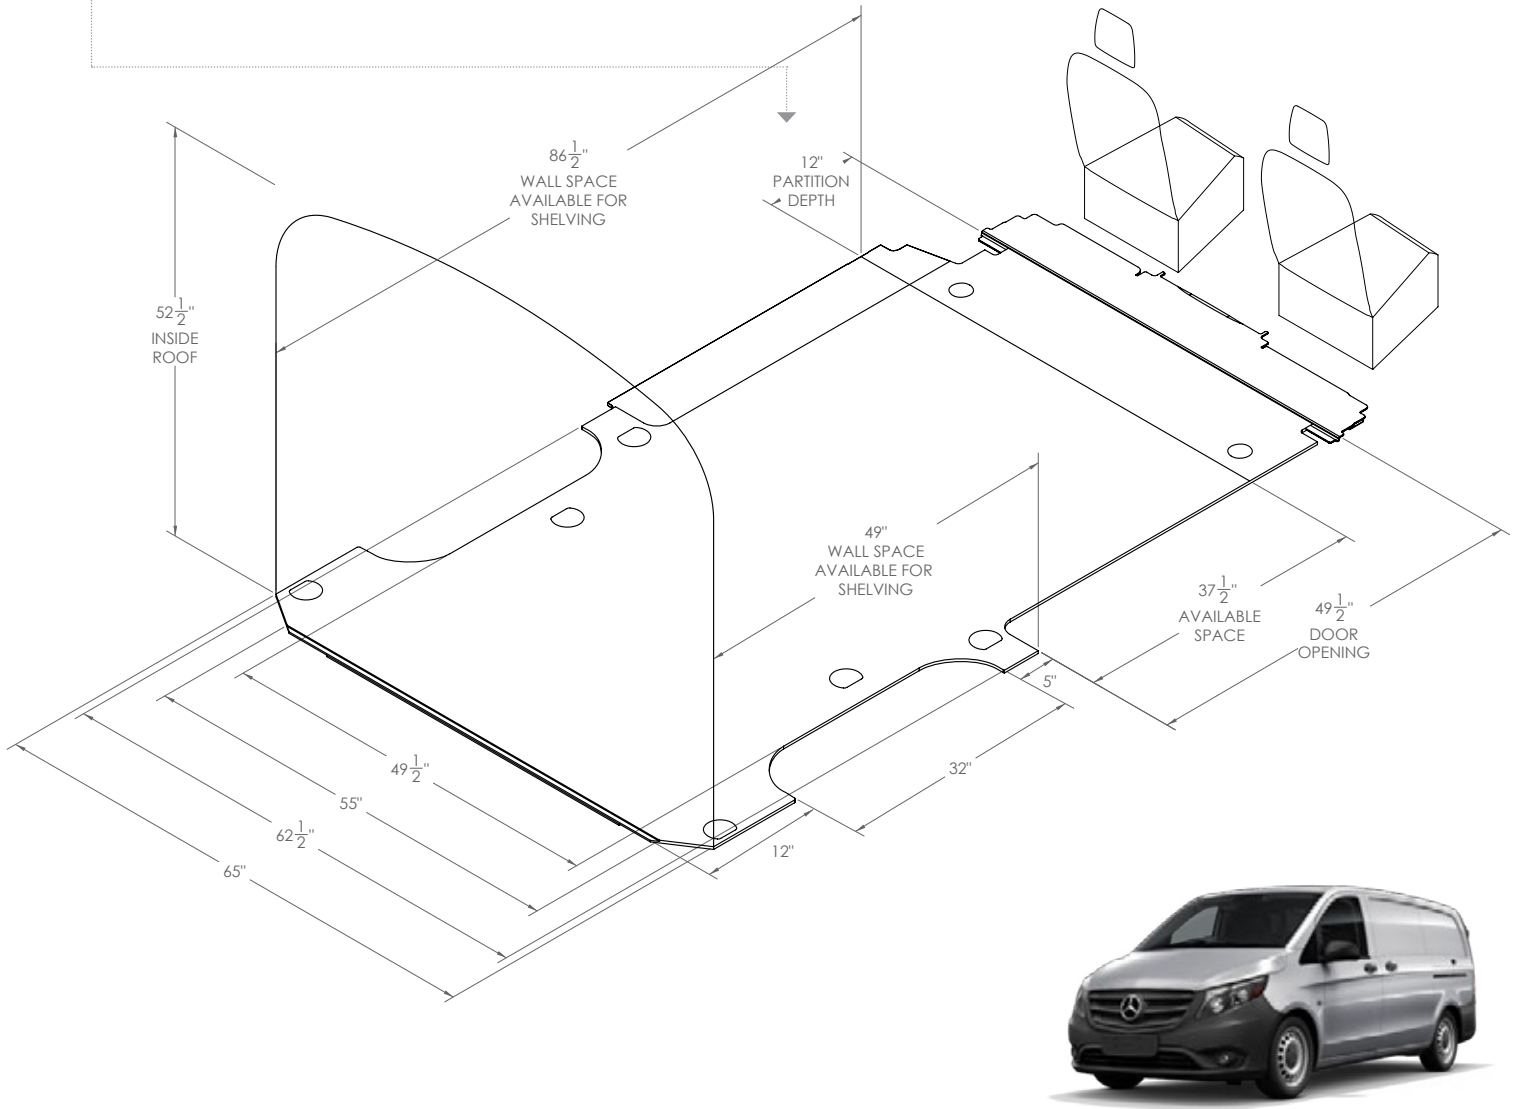

- › Pricing/Quoting
- › Product install
- › Order status
- › Consultation
- › Shipment status
- › New product availability
- › Product specifications
- › Warranty claims
- › Returns/Restocking
- › Vehicle specifications

*Call customer service and the phone will be answered in 2 rings or less. Yes, a real, live person working in one of our offices in North America is available to answer your questions. No automated attendant. No complicated phone tree and offshore service. Call us to experience the difference.

PLAN YOUR VAN OUTFIT

PARTITION DEPTH

This indicates the space taken up by our partition for this vehicle. Please note that this measurement is determined by the partition that encroaches the most. Some partitions may take up less space. Take note that this measurement may not necessarily be on the floor.

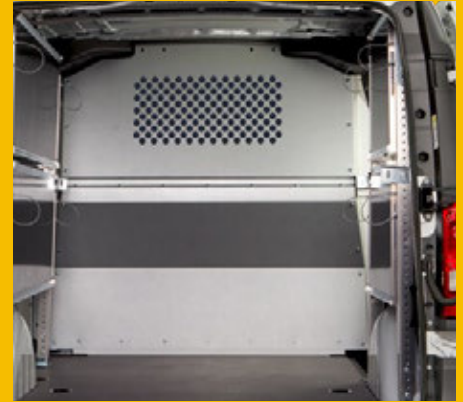

SAFETY PARTITIONS

Impact tested safety partitions protect the most important asset: you

Ranger safety partitions provide a solid and secure barrier between the occupants of the van and the cargo.

Built from heavy gauge steel, aluminum and thermoformed ABS and polycarbonate, they are designed for maximum impact resistance and uphold a standard of safety set only by Ranger products.

Ranger partitions also provide a more comfortable environment for the driver by giving more seat travel and by not rattling as the vehicle drives down the road.

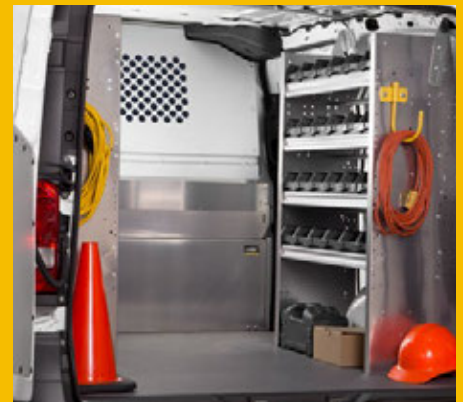

SAFE

Designed for maximum impact resistance. Proven by impact testing.

EFFICIENT

1. Contoured to maintain seat travel and ensure driver comfort. 2. Contoured to capitalize on cargo area floor space.

QUIET

Thickness of material cancels vibrations.

MAX VIEW SAFETY PARTITION

WINNER OF

2016
INNOVATION
AWARD

Max View Safety Partitions are built from thermoformed ABS and polycarbonate and are engineered to resist maximum impact. With a snug fit and rattle free construction they give you:

- > Maximized seat travel
- > 180 degree rear visibility
- > Improved climate control

PARTSKEEPER CABINET	P. 44
PARTSLIDERS	P. 45
TOOL DRAWERS	P. 45

Ranger manufactures a variety of tough, quiet drawer systems and storage modules. Using top quality components such as full-extension, high-capacity ball-bearing drawer slides, secure locks, and Ranger's unique braided stainless steel cable-pull handles. These drawers are the organizational quality that you deserve.

If you never again want to experience the frustration of drawers that jam, sag, and don't latch properly, we have the solution.

TOUGH
Proline drawers are backed by a 10 year warranty.

QUICK
Easy to use slam latch.

SECURE
Keyed lock to guard valuables.

THE PERFECT FIT
FOR YOUR TOUGHEST JOBS

RANGERTM
DESIGN

Our Promise: To Help You Work More Effectively by Providing Organized Storage Solutions.

LADDER RACKS

Ergonomic Ladder Racks make loading and unloading easier.

Ranger ladder racks make loading and unloading ladders an easy operation. Ranger Design offers drop-down ladder racks for high roof vans, extra tough racks capable of carrying 28' ladders on compact vans, interior ladder carriers and many other options for different applications.

RANGER
DESIGN

TOUGH

Military grade aluminum extrusion, high density plastic and stainless steel components ensure no corrosion over the lifetime of the rack.

QUIET

Aerodynamic design with minimal wind noise.

SAFE

No metal contact to ladder, leading to longer life of ladders with less chance of fiberglass splinters.
