

Helping Mobile Technicians Work More Effectively by Providing Organized Storage Solutions

At Ranger Design, we believe more is possible.

We believe work vehicles and the technicians that drive them can become more organized, more efficient, more productive and more profitable. At Ranger Design we're committed to bringing you the products and services that make that possible.

More means helping you choose the right work van for your

application, as well as giving you engineering support and expert advice to help design the most efficient work space in your new vehicle.

More also means getting that new van outfitted and on the road faster, so you can start using it for the reason you bought it. We're committed to bringing you more, because we believe more is possible.

MORE IS POSSIBLE

Choose A Product Line To Match Your Needs

Ranger Fleetline and Proline product groups ensure that fleets of any size have the best equipment to fit their budget, trade or fuel saving targets.

Ranger Fleetline shown

Ranger Proline shown

	MATERIAL	BENEFITS	PRODUCTS	WARRANTY
WHY BUY RANGER FLEETLINE? You want better quality and price than other steel products on the market.	Steel	Tough Low cost Quiet	Shelving, Partitions, Drawers, Accessories	3 years*
WHY BUY RANGER PROLINE? You want the toughest, quietest product on the market. You need to optimize payload without sacrificing quality.	Aluminum	Toughest Lightweight Quiet	Shelving, Partitions, Drawers, Accessories, Ladder Racks	10 years*

^{*}Ranger Design Inc. van equipment is warranted to be free from defects in material and workmanship under normal use and service for the period indicated, from the date of the original retail purchase, when installed per Ranger Design instructions in the original vehicle. Please contact Customer Service for full warranty details. Email: cs@rangerdesign.com

Throughout the catalog **FLEETLINE** products are depicted with yellow and **PROLINE** products with black.

World Class <u>Customer Service</u>

Real people, ready to answer in 2 rings or less*

We are pleased to offer efficient, personalized service and to answer all questions regarding:

- > Pricing/Quoting
- > Product install
- > Order status
- > Consultation

- > Shipment status
- > New product availability
- > Product specifications
- > Warranty claims

- > Returns/Restocking
- > Vehicle specifications

^{*}Call customer service and the phone will be answered in 2 rings or less. Yes, a real, live person working in one of our offices in North America is available to answer your questions. No automated attendant. No complicated phone tree and offshore service. Call us to experience the difference.

INSIDE ROOF HEIGHT

To determine the maximum shelf height that can be used in the van.

PARTITION DEPTH

This indicates the space taken up by our partition for this vehicle. Please note that this measurement is determined by the partition that encroaches the most. Some partitions may take up less space. Take note that this measurement may not necessarily be on the floor.

DOOR OPENING

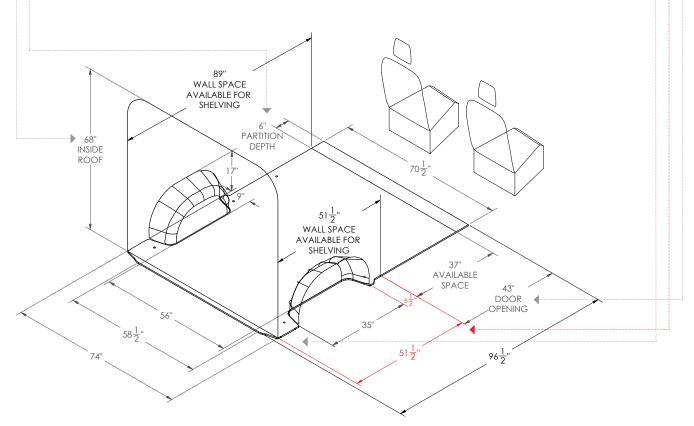

To determine where shelving will land in relation to the door opening. Use this measurement to determine the space available for drawer units.

DIMENSIONS IN RED

These dimensions indicate unique measurements for each wheelbase. Use red dimensions to determine the exact wheelbase of your van.

FLOOR SPACE

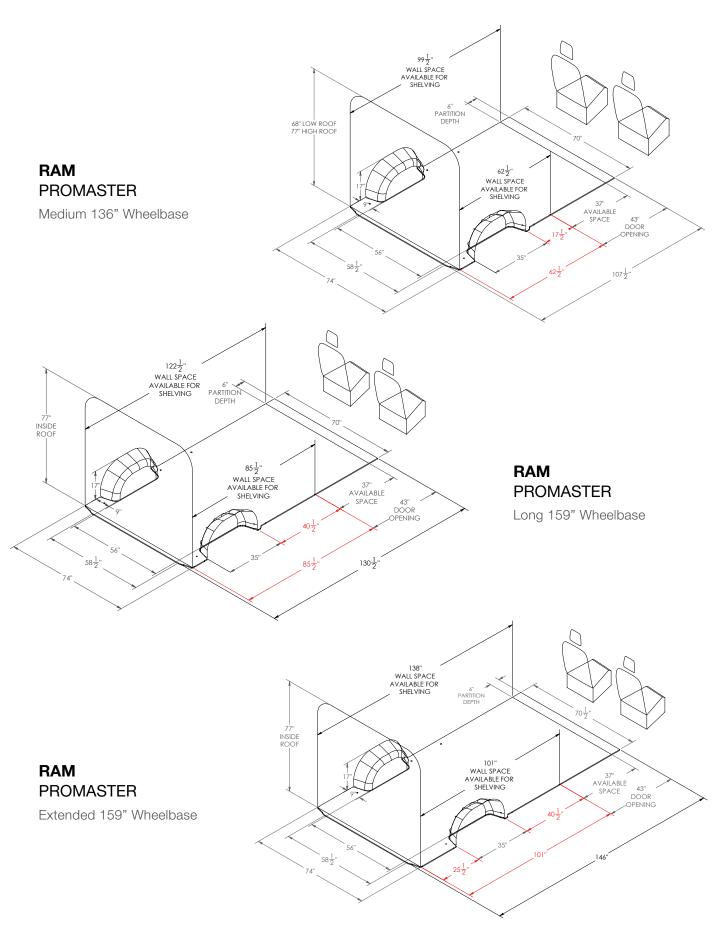

This area is usable floor space but due to curvature of the van there may not be the same available area at the roof. Please measure actual van for specific measurement at roof.

RAM PROMASTER

Short 118" Wheelbase

PLAN YOUR VAN OUTFIT

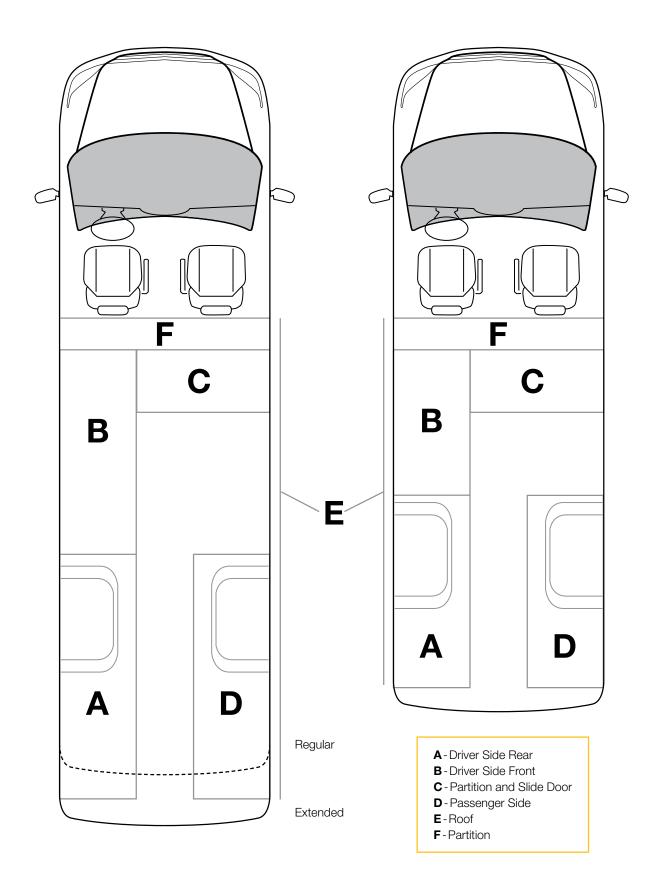

Take a few minutes to write down these simple steps

Plan your storage zones

IT'S MORE THAN A FLOOR

Ranger Design's unique flooring system with integrated aluminum mounting tracks provide a flush surface, making it easy to install a variety of Ranger Design shelving, equipment and accessories.

Ranger Designs' custom-fit rigid flooring system is available for every type of service van. Designed to provide added safety and quieter ride, these impact and puncture-resistant floors give your van a professional look.

Unique benefits of these flooring products include:

- > **Economical** because the flooring has integrated mounting tracks for the price of a regular floor
- Safer due to the integrated track, improved load distribution and noise reduction
- > Improved van resale value durable professional looking and protects the vehicle
- > Efficient 3 panel floor installed in 45 minutes by one person and easy to maintain

PROTECTION

The floor protects your vehicle and prevents damage to the factory floor.

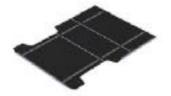

SAFET

Due to the integrated track, improved load distribution and noise reduction.

EFFICIENCY

Custom-fit easy to install by one person.

Impact and puncture resistant floors preserve the cargo van interior.

SAFETY PARTITIONS

Impact tested safety partitions protect the most important asset: you

Ranger safety partitions provide a solid and secure barrier between the occupants of the van and the cargo.

Built from heavy gauge steel, aluminum and thermoformed ABS and polycarbonate, they are designed for maximum impact resistance and uphold a standard of safety set only by Ranger products.

Ranger partitions also provide a more comfortable environment for the driver by giving more seat travel and by not rattling as the vehicle drives down the road.

Designed for maximum impact resistance.

Proven by impact testing.

Contoured to maintain seat travel and ensure driver comfort. 2. Contoured to capitalize on cargo area floor space.

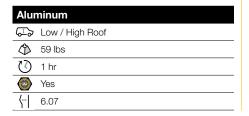

Thickness of material cancels vibrations.

Ranger Design manufactures a variety of tough, quiet drawer systems and storage modules. Using top quality components such as full-extension, high-capacity ball-bearing drawer slides, secure locks, and Ranger Design's unique braided stainless steel cable-pull handles. These drawers are the organizational quality that you deserve.

If you never again want to experience the frustration of drawers that jam, sag, and don't latch properly, we have the solution.

SEAT COVERS

OUR KEY ADVANTAGES INCLUDE:

- > Durable material and easy maintenance
- Urethane coating to make the fabric water and stain resistant
- > Machine wash and dryer safe
- > Easy installation of 30 minutes or less for a set
- > No interference with factory seat functions (heating, cooling or air bag)
- > Minimal seams
- > Tight custom fit for each vehicle, guaranteed to stay in place
- > Puncture resistant to prevent seat damage
- > Durable Cordura® fabric with a 1 year warranty

TOUGH

Military grade aluminum extrusion, high density plastic and stainless steel components ensure no corrosion over the lifetime of the rack.

QUIET

Aerodynamic design with minimal wind noise.

SAFE

No metal contact to ladder, leading to longer life of ladders with less chance of fiberglass splinters.

LADDER RACKS

Ergonomic Ladder Racks make loading and unloading easier.

Ranger Design ladder racks make loading and unloading ladders an easy operation. Ranger Design offers drop-down ladder racks for high roof vans, extra tough racks capable of carrying 28' ladders on compact vans, interior ladder carriers and many other options for different applications.

Please take note that all our ladder racks are powder-coated white.

SAFE & EASY TO USE

50" OF TRAVEL

The Max Rack drops lower in one movement than any other rack in the industry.

- Max Rack
- Competitor's rack

- Two pressurized gas shocks support the weight of the ladder, assist in lifting and lowering the ladder and also hold it in the closed position.
- Max Rack is adjustable to fit most ladders.

LOW PROFILE

There is less chances of the Max Rack hitting low hanging objects.

- Ladders only touch composite materials, reducing ladder wear.
- Comes down in one single motion.

EXTREME WEATHER PROOF

The Max Rack was put through extreme weather testing.

CYCLE TESTING

The Max Rack completed over 4300 cycles, which represents approximately 15 years of normal use.

MAX RACK IS FAST AND EASY TO OPERATE

1

STEP ONE

With both hands, insert the control arm into the Max Rack.

2

STEP TWO

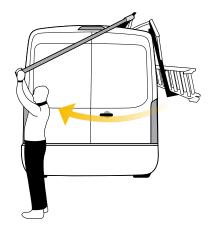

Pull the control arm down towards you.

3

STEP THREE

Turn around. Push the control arm forward.

4

STEP FOUR

Continue to push the control arm until the Max Rack has finished its descent.

RACK CAPACITY

STEP LADDERS 8' AND 10'

Fits all Max Racks

The weight capacity per single Max Rack is 100lbs.
